

Name \_\_\_\_\_

# Dividing by 1-Digit Divisors

Find each quotient.

1.  $2\overline{)586}$

2.  $3\overline{)565}$

3.  $5\overline{)718}$

4.  $4\overline{)5,999}$

5.  $5\overline{)2,642}$

6.  $6\overline{)354}$

7.  $9\overline{)210}$

8.  $8\overline{)3,929}$

The Paez family lives in Louisville, Kentucky, and has decided to take a road trip for their summer vacation.

9. How many miles will the Paez family drive each day if they decide to take 5 days to drive 865 mi to Dallas? \_\_\_\_\_
